

**Great Start  
Collaborative**

**Berrien  
County  
Preschools**

Dear Berrien County Parents,

The Great Start Collaborative of Berrien County has put together this directory of Berrien County preschools, in hopes to help make the process of finding a preschool for your child easier.

This directory of preschools is meant to provide information and does not endorse or recommend any specific preschool or program. Any information in this directory is subject to change without notification.

### **What is the Great Start Collaborative and Parent Coalition?**

The Great Start Collaborative of Berrien County is a partnership of community leaders, business owners, charitable and faith-based organizations, health and human service agencies, educators, and parents. Together, these groups work to provide a network of resources that help families obtain services that will allow their children to succeed in every facet of their lives.

No one has more impact on a child than a parent. Parents provide “real world” perspectives on how programs really work for both their children and themselves. Their input is based on experience. The Great Start Parent Coalition serves as a “voice” for parents in Berrien County; assists in the building of public support for early childhood as an investment; strengthens the commitment of parents in the community on behalf of young children and participates in community service projects.
